LOCAL NOTES.

The Mongolian is sad.

The question of the hour: Who will be the next Sheriff?

The net receipts from the dramatic performance last night were \$151.60.

Look out for the horse race which will take place to-morrow.

Brother Brown has been improving the Tucson Citizen considerably, of late.

U. S. District-Attorney Rouse came up from Tucson yesterday.

What "Tad" don't know about the Chinese question, would be entertaining to the public.

In the district court yesterday, W. M. Fenton was sentenced to three years imprisonment for grand larceny.

The Tombstone Anti-Chinese League will hold another meeting in Schieffelin Hall to-night.

A strike of very rich ore is announced in the new tunnel at Quijotoa. Now look out for another assessment!

The "war" is over and Company "E" is again called into requisition. How brave our home guards are in time of peace.

The Chicago Jingo store and the gas company it is rumored are about to consolidate. Whee, ain't this a combination?

Tucson is making war upon the gas company of that city. Tombstone could give her neighbor on the Santa Cruz "points" upon this question.

If Geronimo was to come into Tombstone he would be captured, if it took every "dog gasted" member of Company "E" to perform the operation.

It is said that the grand jury ignored the charges against J. P. Rafferty. Judging from what we have heard of the affair this is right.

The EPITAPH received a pleasant visit from John S. Mitchell, who represents the old and reliable firm of Fenhhausen & Co., wholesale liquor dealers and importers of San Francisco, California.

The grand jury is investigating some business in which the district attorney is interested, consequently they asked assistance from the court in the matter under advisement.

The man who deserts the laborers in this Chinese fight will find himself battling against fate in the next campaign. The EPITAPH is not making a political fight out of this, but it cannot be separated from it.

Myers, the soldier from San Bernardino ranch, who, as announced in Thursday's EPITAPH, was arrested in Tucson for cashing a forged check, passed himself off there as Lieut. E. P. Cook, who is at Guadalupe Canyon.

Na-di-sah was tried by a jury in the district court yesterday, and acquitted. She will be held until Gen. Crook sends for her. He wants her to identify Indians engaged in murders, while she was with them.

There will be a meeting of the executive committee of the Cochise County Stock associations at Benson to-day. Mr. Theo. F. White, of this city, leaves this morning to be in attendance. It is expected that some good work will be done at this meeting for the stockmen.

Most earnest and active efforts are being pushed by democrats and republicans alike in Cochise county, to have J. P. Clum re-appointed agent at the San Carlos reservation. If the people of that unfortunate quarter of the territory think that Mr. Clum can relieve them of Apache devilry, it is the duty of the people of all other portions of the territory to assist them in getting him into the place and the Herald gladly lends its aid, whatever it may be.—Phenix Herald.

THE CHINESE QUESTION.

"Tad's" Views on the Best Course to be Pursued.

TOMBSTONE, February 19, 1886.

EDITOR EPITAPH—That Chinese immigration has long been recognized as a curse on the Pacific coast, no reasonable man will attempt to deny, but it is not in the small towns or agricultural districts that the effect of this evil has most been felt, it is in the large cities, the manufacturing and commercial centers, where their ready and cheap competition both in labor and the manufacturing of nearly all salable articles has made their presence an outrage against honest white labor, and a menace against the best interests and prosperity of our people and country.

The people of the Pacific coast are fully justified in their laudable endeavor to rid themselves of this Chinese incubus. But in respect to themselves and the good name of the country, it can not be done by force or injustice. Permanent relief must come from Washington, from the source from which the invitation was extended inviting them to our shores. To this end all of the Pacific coast representatives are bending their energies, with every prospect of ultimate success.

It is the opinion of our ablest statesmen, those who have devoted years to the study of this question, that a complete restriction of Chinese immigration is the only peaceful and honorable solution of this question. Why, therefore, if this after mature deliberation has been adopted as a national remedy, should it not apply with equal force and effectiveness locally? Let our people at a public meeting appoint a committee, consisting of the city council and an equal number of our largest taxpayers, who shall wait upon the leading Chinese merchants and demand of them the number of Chinese engaged in various occupations. When this has been ascertained, tell the Chinese bosses, that any further immigration is strictly prohibited, and none who leave will be permitted to return. Then if the white laundry be started with a reasonable prospect of success, boycott the Chinese laundries. When this is done, and it will not require much time, nor work particular hardships to anyone, I believe we will have effectually solved the Chinese problem, with honor to ourselves and justice to the laboring classes. This will entirely remove a worthy movement from the hands of scheming politicians and demagogues, and set an example as justice-loving, law-abiding people which some of our California neighbors might well imitate.

In conclusion I can only say to the irresponsible scribbler who wrote the tirade against me in the Tombstone, that but for the leniency of the chief of police, or neglect of his duties on the part of the pound master, he would not have been at liberty to pursue his unenviable occupation.

A Great Race.

The Park Bros. of Duncan, Graham county, are in the city. They have come here for the purpose of making a horse race with A. T. Jones. An EPITAPH reporter learned last evening that Ben Maynard had accommodated them and the race will take place to-morrow at the race track for one hundred dollars a side and a purse of \$50. Ben is backing his old favorite, "Fashion." The horse which is to run against him is a "thoroughbred steel dust" which are a noted breed of Texas racers. Judging from the looks of the little flyer belonging to the Park Bros. old Fashion will have a hard tussle. The race is for "blood" and promises to be one of great speed. It will be a dash of 400 yards. The track is in splendid condition which will substantially add to the days sport.

Dos Cabezas Notes.

[Tucson Star.]

The Fowler & McGregor mill in Dos Cabezas district is pounding bullion steadily.

Fleming and Lanan are taking out a large quantity of ore and will start the mill in a few days. They have made three good runs.

The steam arrastras have cleaned up a thirty-ton run. It will yield about \$55 to the tou.

A new 10-stamp mill is going up at Buckhorn Basin, eight miles southeast of Bowie to work gold ore.

The tunnel on the Silver Creek is in 150 feet and work is still progressing. The gold vein will be struck about fifty feet from the present point.

Hotel Arrivals.

The following late arrivals are registered at the Occidental hotel:

W. Ramsey, Bisbee; D. W. Floyd, Huachuca; Joseph Russell, Bisbee; Chas. Jacobs, San Francisco; W. L. Becker, El Dorado ranch; E. G. Norton, Bisbee; F. L. Helitson, Tucson; J. W. Williams, Bisbee; J. B. Ayars, Charleston; J. M. Castaneda, Bisbee; V. Kemble, Fairbank; N. P. Beck, St. Davids; C. M. Brun, Babacomari; Joseph Solsberger, Huachuca; O. T. Rouse, Tucson; M. Johnson, Contention; S. W. Campbell, Dragon Summit.

ARIZONA AMALGAM.

News Notes Condensed From our Territorial Contemporaries.

The average age of the pupils attending the Normal school is 19.

Phenix is, by recent Signal Service survey, 1,065 feet above the sea level.

C. F. Brown and Henry Bruns, of Tucson, have been inspecting Maricopa county with a view of settling there, according to the Tempe News.

Some mines have been discovered about ten miles northeast of Mesa city.

Phenix is endeavoring to start a creamery.

Tucson is much agitated over the location of her postoffice, the lease of the present building being up.

The old Apache copper smelter, in the Santa Catalinas, closed down on account of financial difficulties.

The Southern Belle gold mine in the Santa Catalinas, has shipped about \$7,000 since the mill started, about a month ago.

From seven to eight per cent. of the cattle between Tucson and the Nine Mile Water Hole, have died from lack of strength to pull themselves out of the swampy places, caused by the last rainfall.

The Prescott Courier is showing up the extravagant expenditures of the 13th legislature, including the amount paid the Courier for printing.

There is some suspicion of incendiaryism in connection with the Flagstaff fire.

The Flagstaff Champion will probably renew publication soon.

There is a large deposit of alabaster gypsum, on the San Pedro slope of the Santa Catalinas.

The Pima mining district is flourishing. Large quantities of ore are being shipped.

Governor Zulick and two other gentlemen, while attempting to cross the Salt river last week, were swamped in that stream, there team nearly drowned, and for a time were left in a perilous situation. Superintendent R. L. Long, of the party, swam ashore and rescued his companions.

The St. Johns Herald says that Hon. J. D. Houck will be returned to the legislature next winter.

Pat Hamilton is contributing a series of articles on irrigation to the Phenix Gazette.

Silver to China.

The annual report of the San Francisco Chamber of Commerce shows that during three years 1883, 1885 the amount of coin shipped to China in excess of the sum needed for the settlement of trade balances between the two countries was \$23,716,085. This means that the Chinese have drained that amount from the country during that period. Of course a man has a right to spend his money where he pleases, but it is hard lines on a country when subject to drains. Ireland is a greater sufferer from a nearly similar cause. Its absentee landlords spend all their rents abroad. If they had used their incomes in developing the resources of the island, prosperity would have followed, and the evils which now brood over the land would have been averted. It is no more possible for a nation to stand such drains as the Chinese are constantly making on this country than it is to cultivate land continually without applying fertilizers.—Butte Record.

Our Variable Governor.

The Tempe News, after an interview with Governor Zulick, makes it appear that he believes the Normal School to be a necessity. It was a short time ago that the governor officially denounced the university and normal school as unnecessary, and the appropriations for those purposes wanton waste of public funds. What manner of man is this importation from New Jersey? He officially proclaimed our people a lawless mob and privately apologized to them for it; he officially denounced the Normal school and now privately commends it. Have we a dual governor, or is he simply a Janus-faced censor whose clothes don't fit him?—Citizen.

H. A. Tweed, who has been absent in the east for six weeks or more, returned home last meeting. It is understood that Mr. Tweed has purchased a very large stock of goods, which are now on their way to Tombstone. Mr. Tweed is a public spirited gentleman and will no doubt succeed in his enterprise. The EPITAPH wishes him success.

There is no use for the local democracy to deny the fact, because it is too apparent to the public, that A. T. Jones is the most available candidate yet mentioned on their side for sheriff. The EPITAPH is of the opinion that Al would be a hard man to down in a race of this kind. He has a peculiar faculty of always being on the right side of all public questions. When this Chinese question came up, he at once espoused the side of the people. So boys, you want to keep an eye upon Al if you desire to defeat him in the convention.

Also all parties having Claims against the firm of Summerfield Bros. are requested to present them for payment immediately, and all parties indebted to said firm are requested to settle same before February 15th. Otherwise they will be placed in the hands of our Attorney for immediate collection.

REMEMBER THE DAY OF SALE, Monday, January 25th, and save money by securing some of the bargains that will be offered.

LESSER SUMMERFIELD.

Mrs. Thomas Dunbar, who recently left this city in a precarious condition, is reported as regaining her health again, the breezes from the old Pacific are aiding materially in the operation. The EPITAPH wishes her a speedy recovery and safe return.

The editor of the Journal-Miner is in receipt of a letter from our delegate in Congress, Col. C. C. Bean, in which he speaks in hopeful terms of being able to secure important legislation for the territory. He has secured some good friends for Arizona, who will work for her interests in both branches of congress.

In reply to a Tombstone inquirer, concerning the Daily Times of this city, he is informed that the daily was some time ago merged into the Weekly Times, and after its second edition the weekly was merged into eternity. There are no times but good times now, in this city.—Citizen.

Everybody will be at the anti-Chinese meeting to-night at Schieffelin Hall. Do not let your modesty prevent you from attending, as this is a spontaneous uprising of the people of the whole Pacific coast, and all the laws in Christ's kingdom cannot stay its progress or effect its object.

The proper name of the Indian captive, now in jail, is Na-di-sah and not "Na-de-sough," as she has always been called. The name of the interpreter, Merijildo Grijalba, has also been misspelled in the papers. The interpreter says that there is no particular meaning in the name Na-di-sah, but that the word "Na" means lovely, kindly, or what in English we would call charity. He further states that there can be no real interpretation of the Apache language. It is what we call a guttural articulation, as he expresses it, "a talk through the nose."

Don't fail to attend the anti-Chinese meeting at Schieffelin hall to-night.

The Skating Carnival, on the 26th inst., promises to be a grand success.

The ladies are preparing their costumes for the approaching Skating Carnival.

For the latest delicacy of the season go to Dyar & Baldwin's and get Rice Flour.

Some handsome prizes have been received for the Skating Carnival, to take place on the 26th.

When you go to Tucson, if you wish to enjoy a first-class meal, go to the Elito Restaurant under Buchanan & Hartwell's Photograph Gallery. Congress st. Open day and night.

J. Monasch, the Tombstone tailor, will visit Bisbee, Charleston and Fairbank in a few days with a full line of spring and summer sample goods. Give him a trial and you will be suited.

Harris, the tailor, has on hand an elegant lot of new suitings just received, which he offers to the public at reduced rates. Perfect fit guaranteed or no money asked.

For Sale.

Now that the Progress of the proposed steam laundry is so slow, I hereby offer for sale to parties who are about to engage in that business, two copper wash kettles; one of the capacity of 220 gallons, one of 40, both in good condition. I also have for sale, one counter with shelving, suitable for the laundry business. Will sell the above articles cheap for cash.

HERMANN LEPTIEN.

Wanted.

By a young lady, a situation as waiter in restaurant or hotel. For particulars apply at this office.

For Sale.

A good buggy-horse and set of harness (new). The horse is sound, gentle and a good traveler. Apply to John O. Dunbar.

Notice.

As Sims, Spicer and others have relocated the Central mine, Tombstone district, A. T., calling it the Sailor Boy or Lillian mine and are endeavoring to dispose of the same to certain parties, I hereby caution all persons against purchasing the same, as the assessment work was done in the year 1885 on said Central mine and I shall contest it. PAUL BARN.
